

Mission

Possess quality measures in continuous improvement to raise the efficiency of educational process and services of the Faculty of Engineering and Information technology at An-Najah National University .This is in consistent with the mission of the University to gain the trust of all constituents in the graduates of the Faculty through compliance with ABET standards.

ABET Center Staff

Ayham Jaaron	ABET Committee Chairman
Basheer Shaheen	Senior Quality Engineer
Farouq Halaweh	Senior Quality Engineer
Maryam Hmodah	Senior Quality Engineer (on leave)
Haneen Saymeh	Quality Executive Engineer

ABET Centre has been established in April 2011 in the Faculty of Engineering and Information Technology to organize, follow up, implement and execute ABET processes in the Faculty. The Faculty of Engineering and Information Technology equipped the Unit with necessary facilities to provide an appropriate working atmosphere for ABET executive team to do their work preparing for ABET accreditation.

Vision

Guide the Faculty of Engineering and Information Technology at An-Najah National University to achieve the local, regional and international standards of quality assurance consistent with the vision of the University.

Objectives

Ayham Jaaron	Chairman
Abdelrahim Abusafa	Member
Amer el_Hamouz	Member
Ashraf Armoush	Member
Numan Mizyed	Member

The roles of ABET committee are:

1. Drawing and planning ABET policies in the Faculty of Engineering and Information Technology.
2. Supervising the execution, and giving the final approval of ABET policies.
3. Coordinating and leading the preparations for ABET accreditation processes.
4. Provide advice to chairs programs regarding accreditation-related issues through ABET centre executive team.

- 1- Improving the Engineering and Information Technology education and learning outcomes in the light of ABET requirements.
- 2- Promote a culture of ABET quality assurance system in the faculty by training the staff on self-evaluation for quality assurance and ABET accreditation and by holding workshops and training sessions.
- 3- Establishing databases and information system for all the faculty members, fresh graduates, alumni and employers which are useful for quality decision making process.
- 4- Developing the internal academic and managerial systems and the appropriate methodologies to evaluate the programs' outcomes and prepare the appropriate forms and procedures for that purpose which leads to achieve academic requirements and standards.
- 5- Identify the needs, expectation and requirement of constituents' satisfaction by conducting several types of surveys.
- 6- Continuous monitoring of improvement process of programs' educational objectives and student outcomes in the Faculty of Engineering and Information Technology according to the regulation to achieve the quality standards and ABET accreditation requirements.
