## **Introduction**

The Quality and Accreditation Unit (ABET center) has recently launched the Employer Survey for 2022 cycle online. The survey has targeted the employers of the Electrical Engineering Program locally and abroad to assess and improve the quality and the intended outcomes of the educational programs, and to involve them with the reviewing process of the Program Educational Objectives, and taking feedback from them about our alumni.

## **Executive Summary**

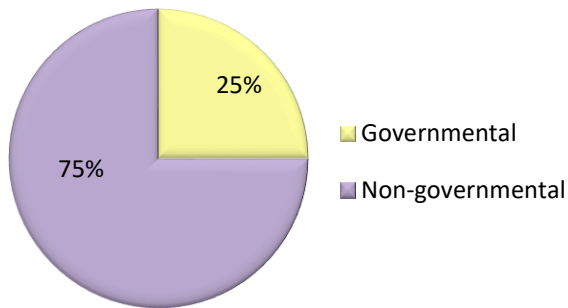

A total number of 114 employers responded to the survey, 4 of them were from the Electrical Engineering Program.

Most of the respondents are employers in non-governmental organizations; also most of the organizations have less than 100 employees.

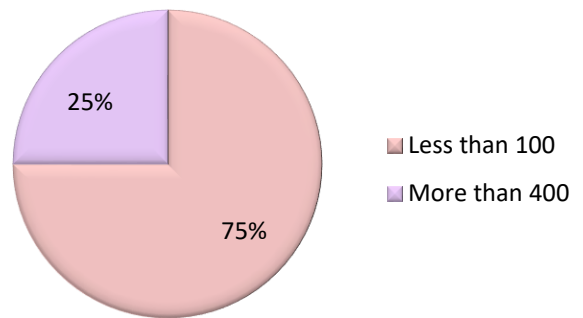

# CHAPTER 1

## INFORMATION ABOUT THE ORGANIZATION

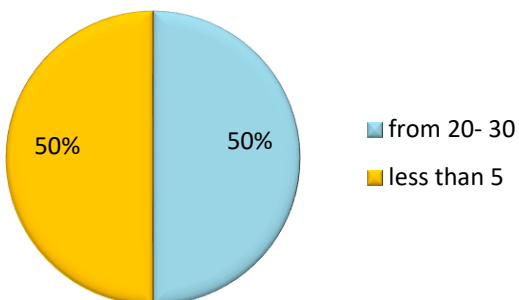

**Type of Business**

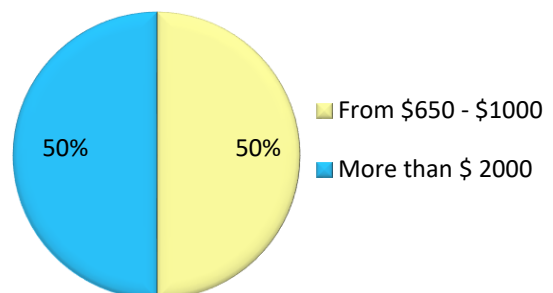

**Organization Size  
(Number of Employees)**

**Number of Electrical  
Engineering Graduates in your  
organization?**

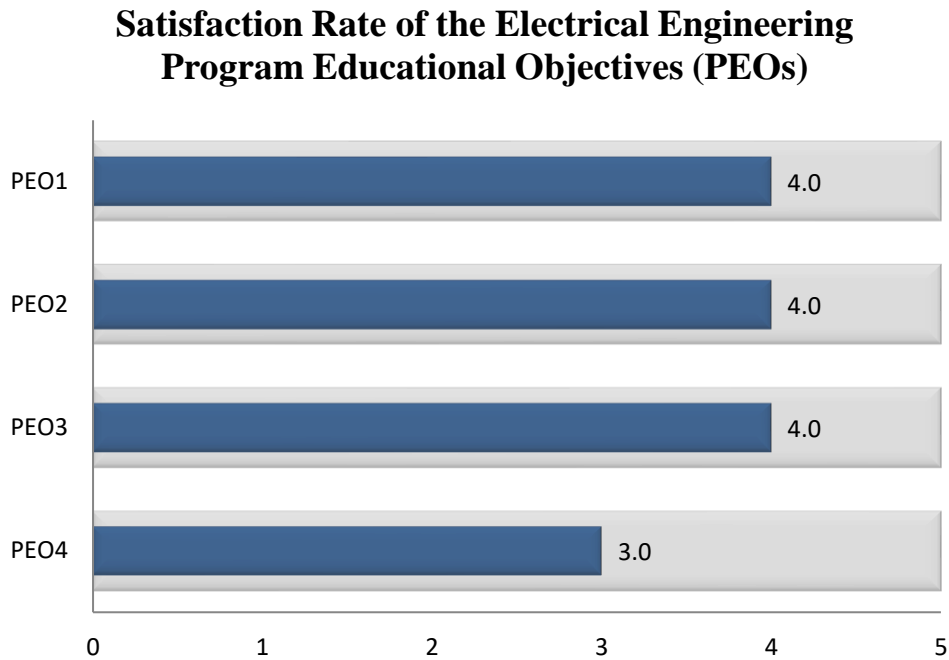

**Salary Range for Electrical  
Engineering Graduates in your  
Organization?**

# CHAPTER 2

## PROGRAM EDUCATIONAL OBJECTIVES

### **PEOs of Electrical Engineering Program:**

***PEO1:*** Demonstrate competency in the design, analysis, and implementation of modern electrical systems.

***PEO2:*** Compete effectively in a world of rapid technological changes, and become leaders, entrepreneurs, and innovative managers or educators in the broad context of electrical engineering.

***PEO3:*** Adapt to different roles and responsibilities in multicultural working environment by respecting diversity, professionalism within the organization and society at national and international levels.

***PEO4:*** Successfully pursue graduate degrees and become consultants in their respective fields.
