Employer Survey Results 2018
For Industrial Engineering Program

www.eng.najah.edu
equ@najah.edu

Introduction

The Quality and Accreditation Unit (ABET center) has recently launched the Employer Survey for 2018 cycle online. The survey has targeted the employers of the Industrial Engineering Program locally and abroad to assess and improve the quality and the intended outcomes of the educational programs, and to involve them with the reviewing process of the Program Educational Objectives, and taking feedback from them about our alumni.

Executive Summary

A total number of 122 employers responded to the survey, 17 of whom were from the Industrial Engineering Program.

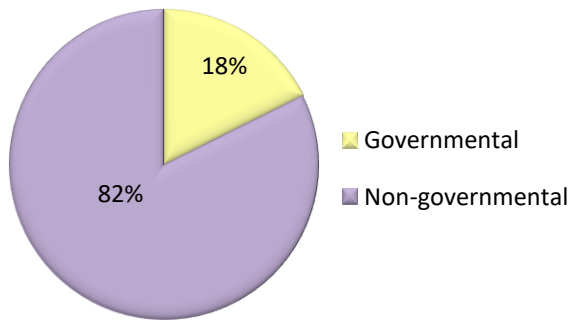

Most of the respondents are employers in non-governmental organizations; also most of the organizations have less than 100 employees.

The employers indicated that they are satisfied with Industrial Engineering Program Educational Objectives (PEOs).

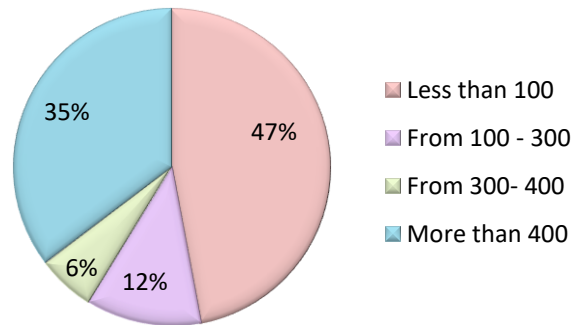

CHAPTER 1

INFORMATION ABOUT THE ORGANIZATION

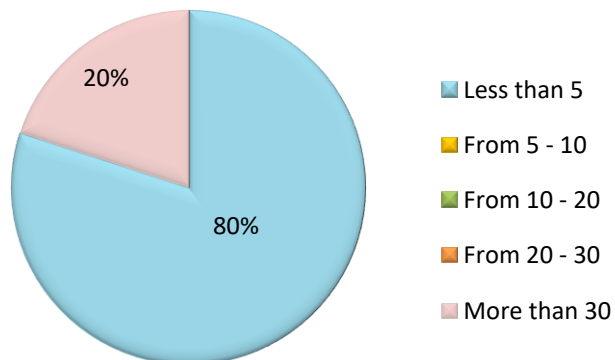

Type of Business

Organization Size (Number of Employees)

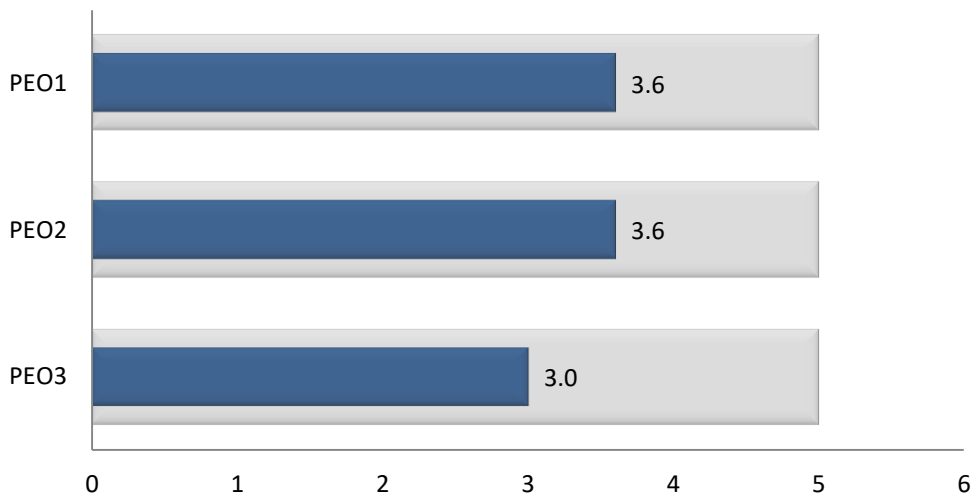

Number of Industrial Engineering Graduates in your organization?

CHAPTER 2

PROGRAM EDUCATIONAL OBJECTIVES

Satisfaction Rate of the Industrial Engineering Program Educational Objectives (PEOs)

PEOs of Industrial Engineering Program:

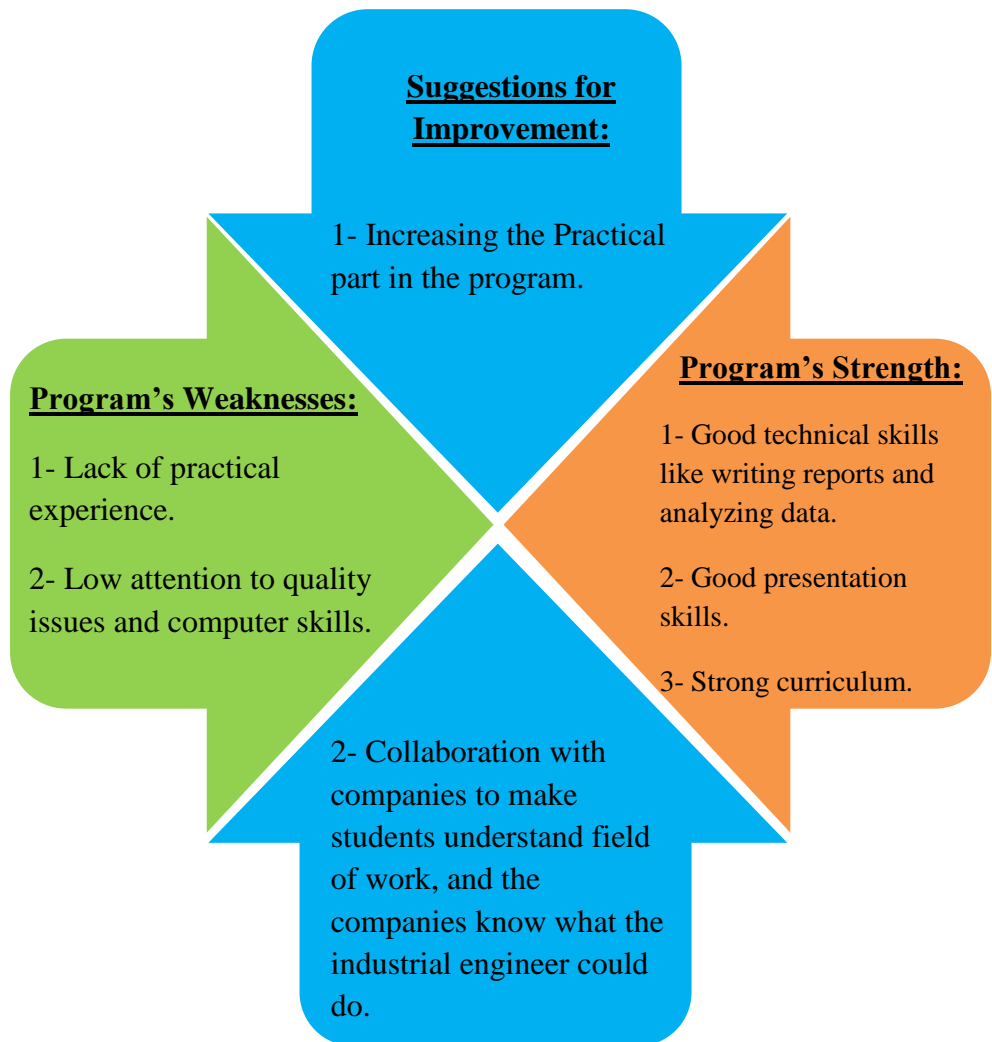

PEO 1: Enabling the IE graduates to have different tools, skills, and methods to be used in designing, developing and operating industrial systems in an integrated and effective fashion.

PEO 2: Building the Capacities of the IE students to become leaders in their profession; equipped with professional and ethical responsibilities.

PEO3: Graduating professional engineers to be distinguished both nationally and internationally; sustained by life-long learning experiences and innovation.

Employers' Comments

The Employers' Comments about Industrial Engineering Program (program's strength, deficiencies, and suggestions for improvement) were as the following:
